Tonya,

Attached is a draft of the categorical UAA for recreation. Please let me know if you have any questions, need additional information, data, maps, etc. We have not released the UAA to the public yet, as we were hoping to get EPA's feedback before we move forward with our formal UAA process. As you know, this is a relatively high priority and we would like to keep it moving forward. Once you have had a chance to review, we would like to get together to discuss.

Thanks,

—

Lindsay Patterson
